ENGLISH FORD CORTINA PARTS

Cortina MK I - 1962-66, first released with 1198cc (1200) Kent engine as a 2 then a 4 door saloon. In 1963 came the 1498cc (1500), with 9" brakes and round instrumentation as well as the 5 door estate. Cortina GT introduced with the 1500 Kent engine with Cosworth-designed camshaft for extra performance and front disc brakes.

Cortina MK II - 1966-70, released with 1298cc (1300) and 1498cc (1500) engines. By July 1967, the new crossflow cylinder heads were fitted to Cortina (Kent) engines and the 1500 was replaced with 1599cc (1600). By the end of 1967, the Cortina displaced BMC's 1100/1300 as Britain's most popular car.
