TECH NOTE: Use only CASTROL DOT 4 Brake Fluid The seals and hoses in your brake and clutch system are made from natural rubber which is only compatible with vegetable based brake fluid. The only vegetable based brake fluid generally available in the US is Castrol Brake Fluid DOT 4. Use of improper fluids or mixing of fluids can lead to complete failure of brake and clutch hydraulics. On cars not used for daily transportation, brake and clutch systems should be exercised on a regular schedule.
