*Uncommon Skills for Uncommon Cars*

Kip Motor Company is a full service antique automobile service, restoration, and parts repair facility. We perform complete or partial restorations on a wide variety of British automobiles. Our many projects range from show cars to daily drivers. We also rebuild many components and prefer your original part to aftermarket parts.

### Using this Catalog

Parts listed in this catalog are currently available, normally stocked items or those planned for production. Quantity represents the number of pieces required for the car; price is for each or one item. Unless otherwise indicated, all items are New or New Old Stock. (X) - indicates rebuilt items sold exchange only. Your rebuildable part must be received in exchange before one is shipped. A number following in the parenthesis indicates items where cores are generally available. The number represents a core charge that will be added to your invoice, where cores are available and is refunded upon receipt of your rebuildable core. (U) - indicates used parts. Price and availability is subject to change without notice.

### Ordering by Phone

Our telephone order lines are open:  
Monday through Friday 9:00a.m. - 6:00p.m. CST  
Ordering by Mail, E-mail or Fax  
Ordering online at [www.kipmotor.com](http://www.kipmotor.com) or [metsparts.com](http://metsparts.com)

Please include: your name, address, telephone number, make, model and year of car, engine & chassis numbers, ship to address and credit card information. If enclosing a check or money order, be sure to enclose sufficient funds to cover shipping charges. Any overage will be refunded. Orders paid by check will be held for two weeks prior to shipping. E-mail address: [sales@kipmotor.com](mailto:sales@kipmotor.com)

### Payments

We accept Visa, Mastercard, American Express, Discover, PayPal, and Zelle. Please have available your credit card number, expiration date, name and address of card holder and telephone number. Air, truck freight and international shipments must be pre-paid.

### Warranty

All parts are warranted against defects in material and workmanship for a period of one year from date of shipment. If a part fails in service, it will be exchanged for a similar part whenever available. This warranty covers only the part and does not include labor or failure of a related component. In no case would the liability to KMC exceed the cost of the original part.

### Prices

Prices are subject to change without notice due to supply chain issues, impending tariffs, and /or raw material price increases.

### Shipping

Orders are shipped Priority US Mail or UPS ground unless otherwise specified. Expedited and air delivery is available at extra cost. Over-size and heavy items are shipped via truck, freight collect. International and overseas orders are shipped by US Priority International post, UPS or other means as required. International customers should indicate their preference at time of order. If your shipment arrives damaged, notify the carrier immediately, before contacting KMC for further instructions.

For orders within the 48 contiguous United States, shipping and handling charges will be added to invoices at the following rates:

Order Total	Shipping Charge
\$ .00 - 20.00.....	\$10.00
20.01 - 50.00.....	14.00
50.01 - 75.00.....	17.00
75.01 - 100.00.....	22.00
100.01 - 150.00.....	28.00
150.01 - 250.00.....	32.00
250.01 - 350.00.....	37.00
350.01 - 500.00.....	39.00
500.01 - 1,000.00.....	43.00
1,000.01 + .....	FREE GROUND SHIPPING

Shipping charges to other areas will vary accordingly.

### Returns

Returns are accepted for full refund or exchange up to 90 days from date of purchase (shipment). Returns are accepted for exchange only, up to 180 days from date of purchase (shipment). Special orders and returns exceeding the listed limits may or may not be accepted, with or without a restocking fee, at the discretion of KMC. Returns must be accompanied by a copy of the original invoice. Include a note indicating the reason for return. All items must be in the same condition as shipped.

*Custom, items cut, fitted, painted, etc., will not be accepted.*

### Backorders

We normally stock all items in our catalog. From time to time some items may be temporarily out of stock or no longer available. These items will be indicated as backordered on your invoice. In most cases, backordered items will ship within 1-2 weeks. Occasionally certain items take longer. Any backordered item not shipped within 60 days of the original order will be automatically dropped unless specifically requested otherwise.

### Other Catalogs Available

KMC has parts and catalogs for many British cars and commercial vehicles. Other catalogs available at the time of printing include:

- The Berkeley Book
- The Ford 100E Book
- The Metropolitan Book
- The London Taxi Book
- The Orphan Book

## How To Identify Your Metropolitan

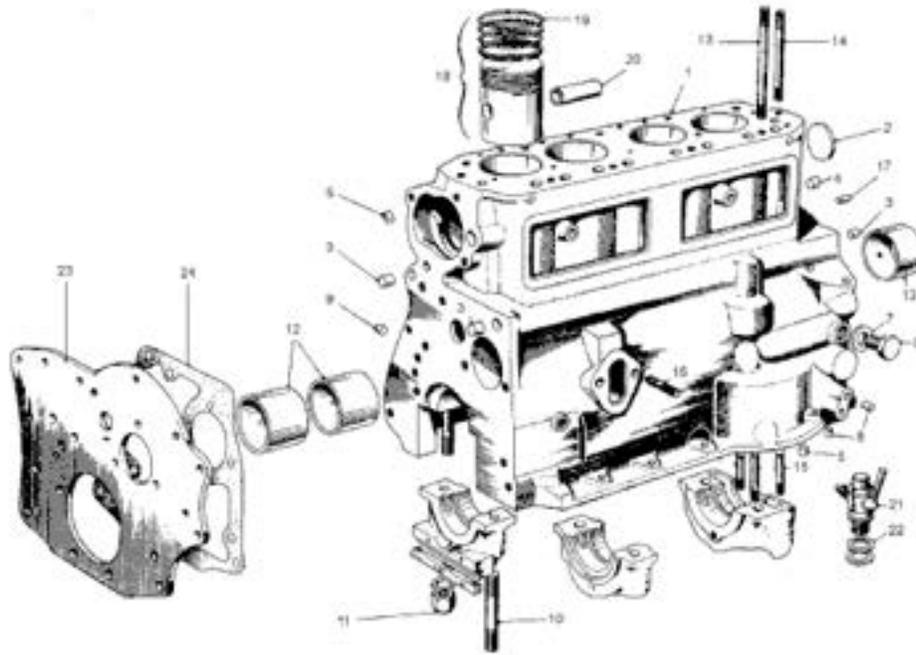

The Engine Number is stamped on a plate secured to the right-hand side of the cylinder block.

The Chassis Number is stamped on a plate secured to the right-hand side of the firewall and starts with an "E".

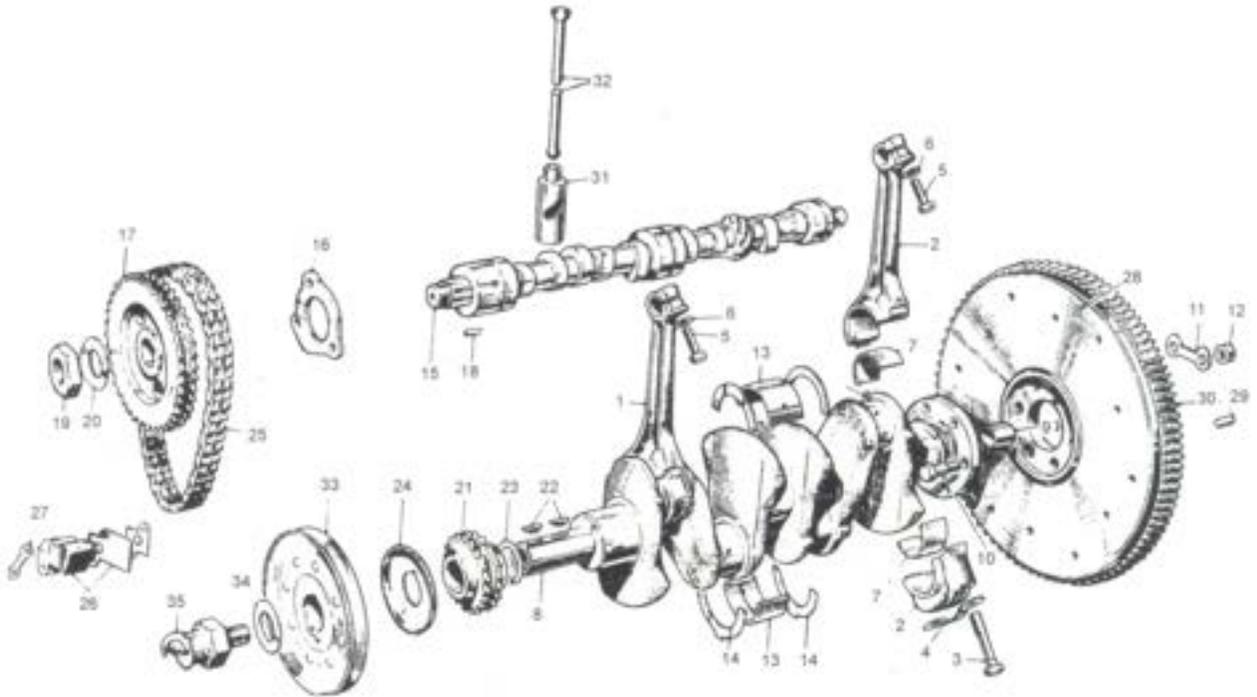

### PRODUCTION

8	1G2573	Gas drain tube	All Mets	1	42.10
	1G2231	Gasket, manifold/ex pipe to E11000		1	9.89

Do you drive around with choke partially pulled out? A missing or damaged gas drain tube will cause your engine to run too lean. Don't just plug the hole with a bolt, it causes the engine to flood out when you shut down.

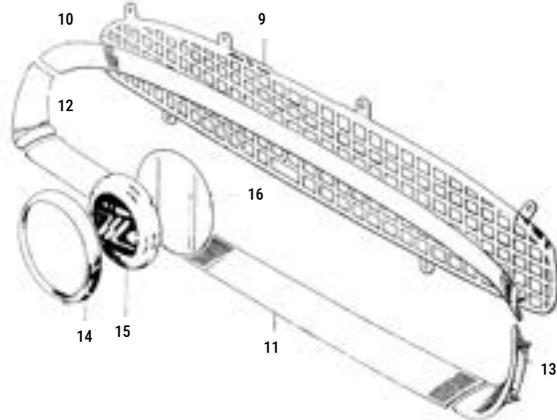

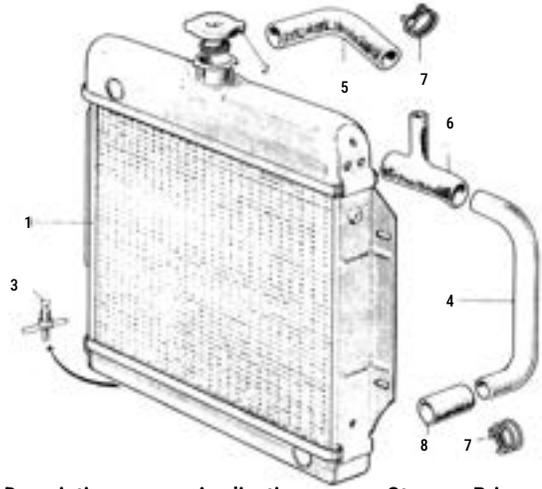

Exhaust System

No.	Part #	Description	Application	Qty	Price Ea

(X) Send in your clutch assembly for rebuilding. (X100) denotes core charge if you don't send your assembly in first. The charge will be refunded once we receive your rebuildable core.

Beware of clutch jutter! When installing a new clutch plate, always resurface the flywheel and fit a new cover assembly and release bearing.

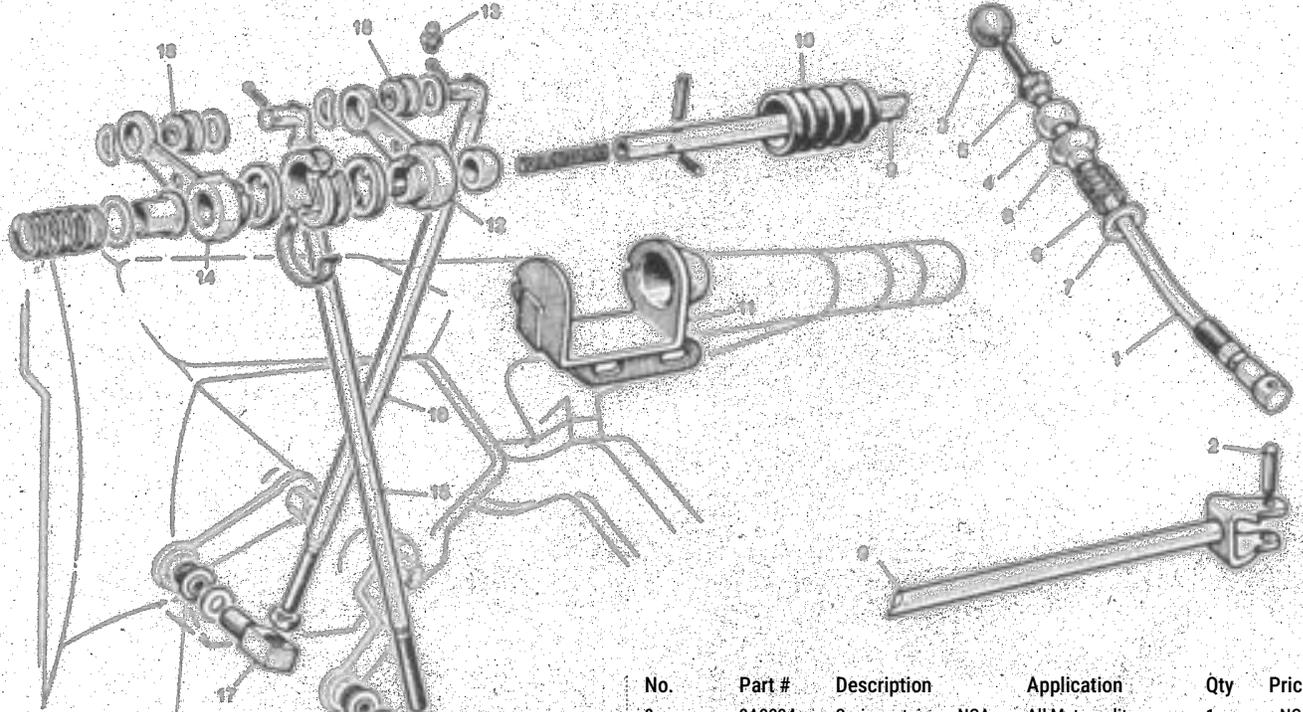

We recommend CASTROL DOT 4 Brake Fluid for all Met hydraulics. Don't mix with US fluids as detrimental to rubber components.

(X) - Please send in your core for rebuilding. (X\$\$) - cores are available and you will be charged a core fee on your invoice. This fee will be refunded once we receive your rebuildable core.  
 (NCA) - Not currently available. With our in-house machine shop, we are prioritizing Metropolitan parts to produce.

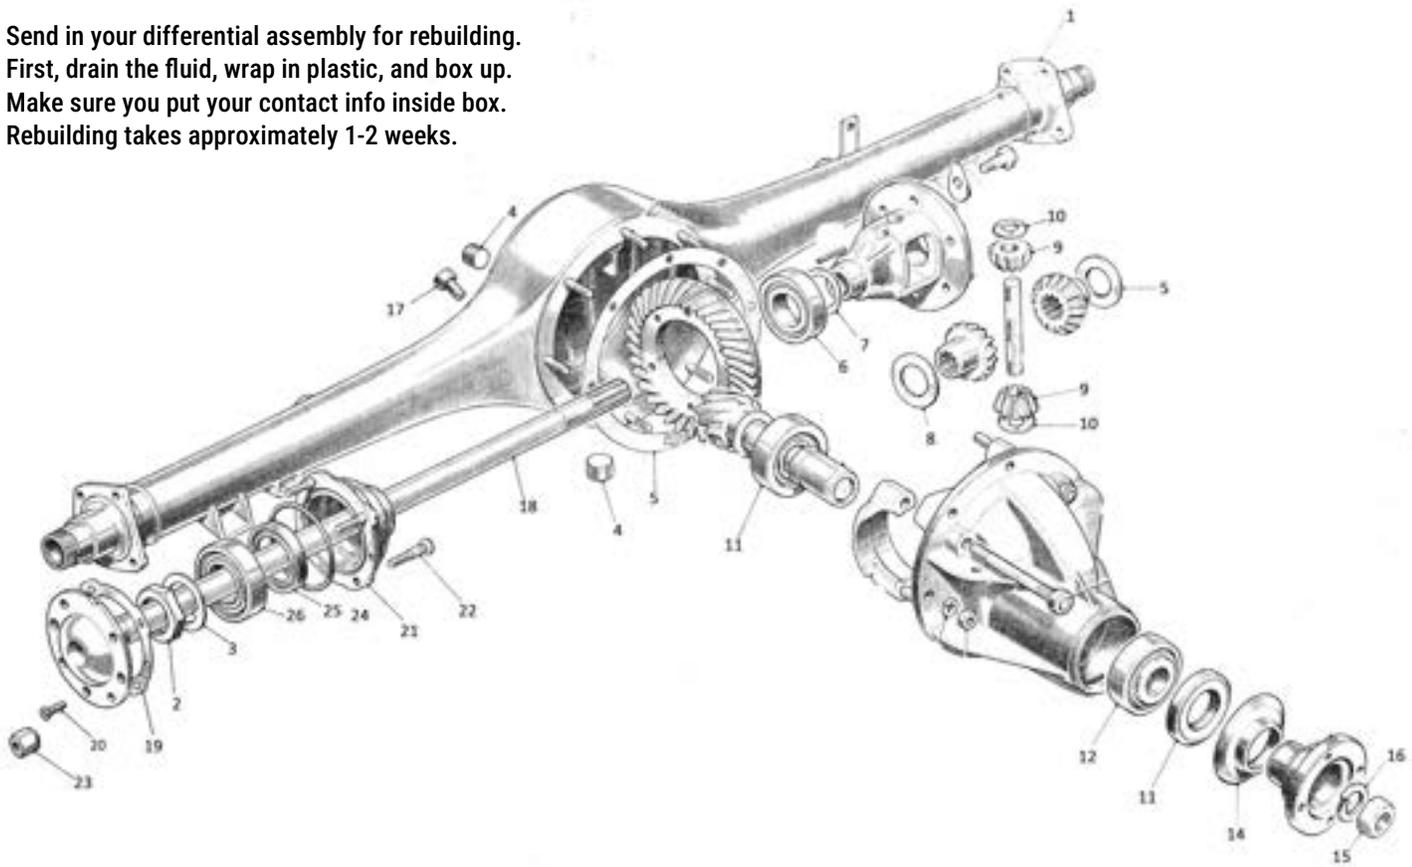

\*KMC SIDE ROD fits CORRECTLY. Other ones available are cheaper, but do NOT fit correctly inhibiting steering.

TIRED OF DRIVING WITH A CRACKED STEERING WHEEL? Don't just cover it up or fill in the cracks and paint it, it'll just crack again in not time flat. Replace it with a CKM recast steering wheel. We remove the old plastic from the rim & sandblast the wheel to bare metal, cast on a new urethan rim, then finish off the hub and psokes with a durable high gloss urethane paint for that factory fresh look and feel.

Send in your differential assembly for rebuilding.  
 First, drain the fluid, wrap in plastic, and box up.  
 Make sure you put your contact info inside box.  
 Rebuilding takes approximately 1-2 weeks.

**TIRE TIPS:**

540 Series cars were originally equipped with 5.20 x 13 bias belted tires.

560 Series cars were originally equipped with 5.60 x 13 bias belted tires.

**MODERN TIRE SIZES**

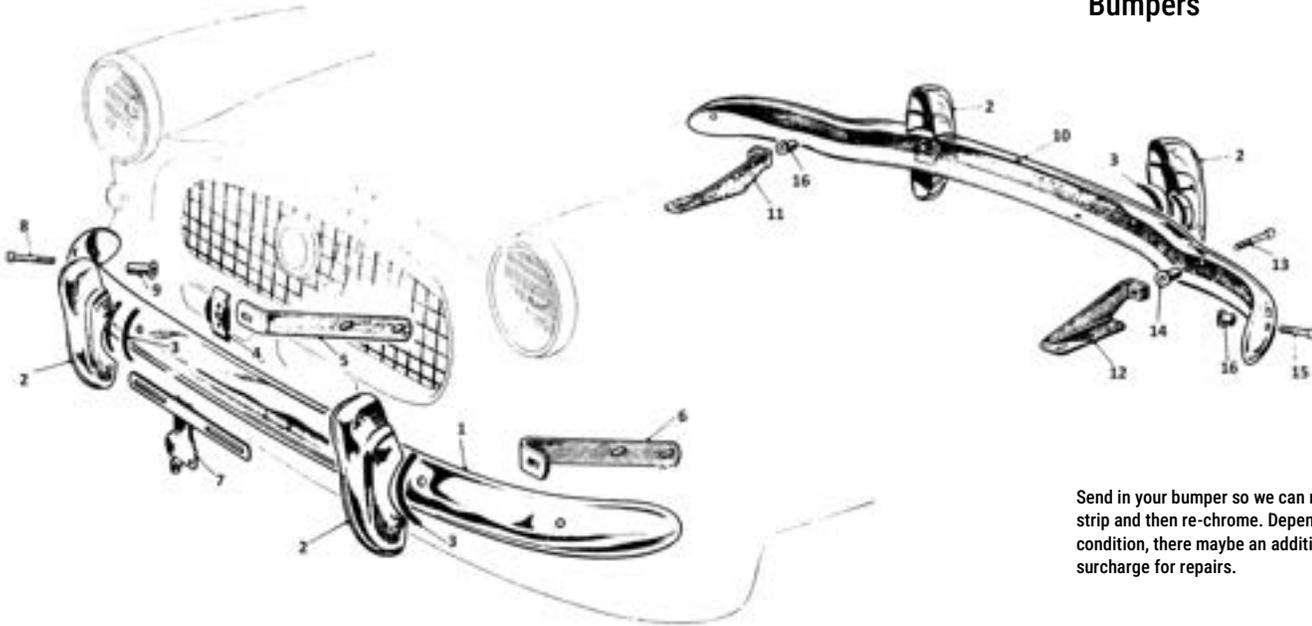

145/80 R13 is approximately equivalent to 5.20 x 13 (bias or radial)

155/80 R13 is approximately equivalent to 5.60 x 13 (bias or radial)

Radial tires provide greatly improved ride and handling. Use of an improper size tire may result in damage to your vehicle.

Still driving on rusty, 60+ year old steel brake lines? Protect your life and your investment with a new set of steel lines. Made in-house by KMC technicians.

**\*\*USE ONLY CASTROL BRAKE FLUID\*\***

The seals and hoses in your brake and clutch system are made from natural rubber which is only compatible with vegetable based brake fluid. The only vegetable based brake fluid generally available in the US is Castrol Dot 4 (GT LMA). Use of improper fluids or mixing of fluids can lead to complete failure of brake and clutch hydraulics. On cars not used for daily transportation, brake and clutch systems should be exercised on a regular schedule.

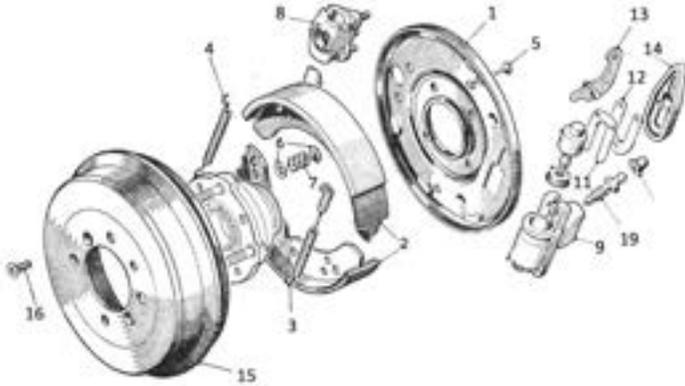

For bleeding brake system you'll need one quart. For clutch hydraulics, you'll need 12 oz.

\*Convertible Tops are made of durable pinpoint vinyl, a two ply vinyl composite material with pinpoint outer and cotton inner side. This high quality top has double sewn-in windows - not heat sealed - that last longer. Top comes with a \*8\* year manufacture warranty and is made in the USA by a family business since 1964. This is by far a superior top to other, cheaper, heat sealed tops. Comes with two straps and package of snaps. Should be installed by professional installer.

No.	Part #	Description	Application	Qty	Price

**ABOUT OUR PANEL KITS:**

Panels come assembled and ready to install unlike other inexpensive brands. Panel board is tough but flexible to fit—especially the quarter panels. Clips and screws are included for your kit.

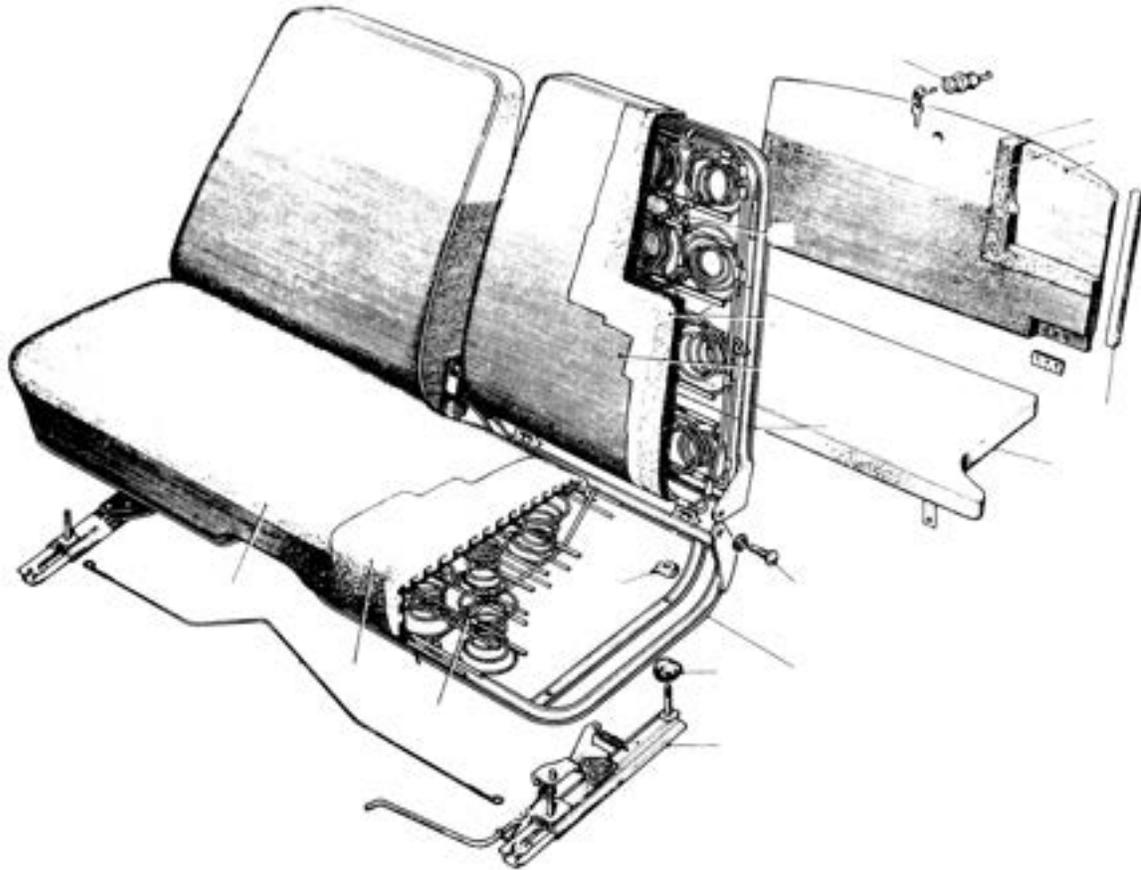

Wheelhouse covers (10 & 11) are included in the upholstery kit.

Rubber mat was originally installed in new Metropolitans; dealers installed carpet as an option. We use automotive carpet, 100% nylon pile, with vinyl heel pad and visible edges are trimmed in black binding to give a nice, finished look.

If you wish for a vinyl or material sample, please email us at [info@kipmotor.com](mailto:info@kipmotor.com) with your Met model, and part # you want a sample of.

Custom panel kits are available, made -to-order only. Please inquire about a custom interior for your Metropolitan. As original purist, we recommend the appropriate style for your Metropolitan; however, our inhouse upholstery department can sew to your specifications. Please understand that custom interiors are not returnable nor refundable.

We typically have most panel kits available ready-to-ship with the Early Met the exception.

No.	Part #	Description	Application	Qty	Price

Kip Motor Company has our own inhouse upholstery department producing these high quality kits with the correct stitching and materials for the original factory look and fit. Material is in stock and usually, tracing, cutting, sewing, and finishing an upholstery kit takes about two weeks.

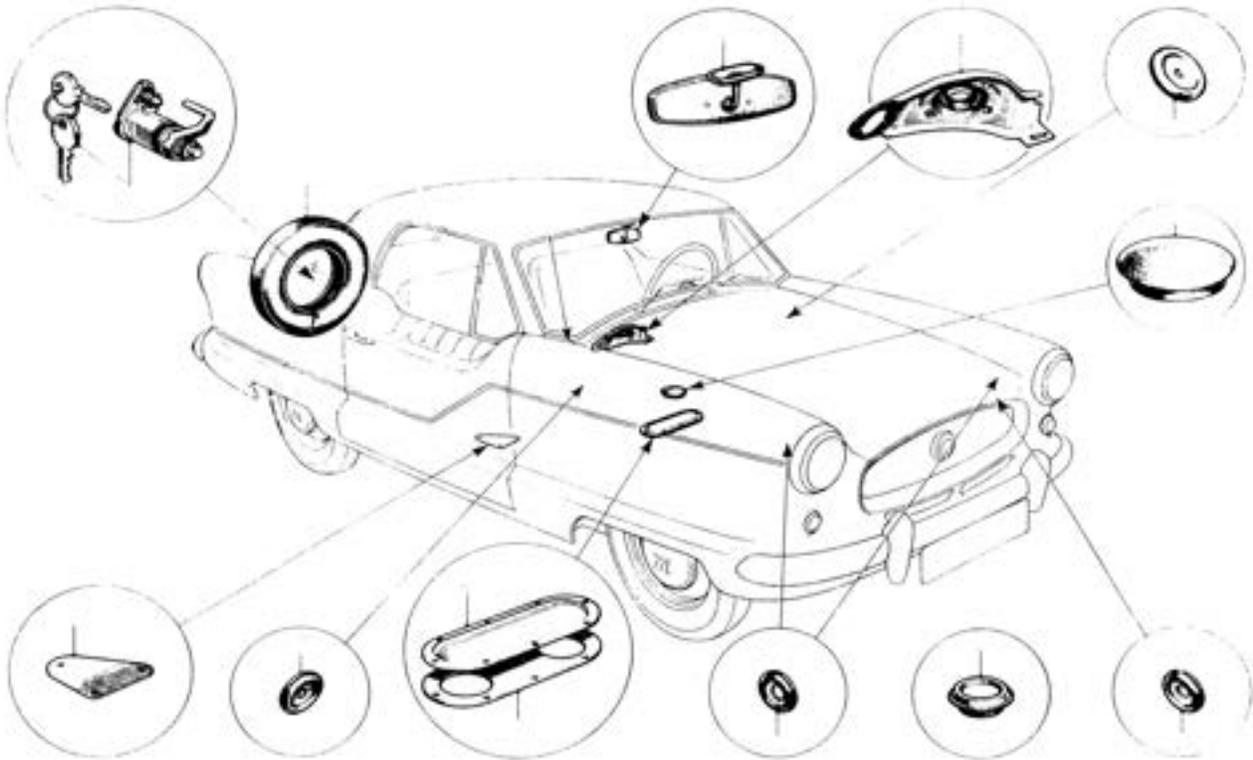

Samples are available—please email [info@kipmotor.com](mailto:info@kipmotor.com) with your Met Model or Chassis # and the part # you are inquiring about.

Does your seat frame need refurbishing? Box it up and ship it to us and we'll make the necessary repairs, media blast, sand, and paint black. Just like new.

Don't forget to order a new PADDING kit to use with your new upholstery. Includes felt layer, foam and polyester stuffing for the front seat bottom and backs with instructions.

UPHOLSTERY SUPPLIES—Pig rings are used to attach the upholstery (and padding) to the seat frame. The rings are installed using special pliers—hog ring pliers. You can purchase locally from hardware store, or purchase from Kip Motor with your Upholstery Kit.

CUSTOM UPHOLSTERY – Kip Motor can create your custom upholstery. Give us a call to speak with our Upholstery Specialist at (888)243-0440.

## Two Color Exterior with Horizontal Stainless Steel "Z" Moulding

Series	Series I	Series II	Series III	Series IV
Engine:	A40 Pre-B 1200cc 1G Prefix	B Series 1200cc 2G Prefix	1500cc 1H-LowCompression 15ANH/CNH/or FNH = high compression	1500cc 15A/C/F & H = high compression
Chassis No.:	1001 to E11000	E11001 to E21007	E21008 to E58619	E58620 to E95592
Body No:	The Metropolitan body was manufactured by Fisher & Ludlow. Sequential numbers were stamped onto the bodies. Then, the bodies were transported by lorry to Longbridge (Austin plant) and placed on production line. At the end of the line the Fisher & Ludlow body number was stamped onto the data plate. This is NOT the Chassis No. which was assigned by Austin and stamped on its own aluminum data plate. Body and Chassis numbers rarely coincide.			
Model No.:	541 = Convertible 542=Hardtop Bonnet has hood scoop; no side moulding.		561- Convertible 562 - Hardtop Stainless steel side moulding. No hood scoop, no vent windows or external trunk lid.	561 - Convertible 562 - Hardtop Stainless side moulding, vent windows, external trunk lid.

History:	Nash Kelvinator started production of the Nash Metropolitan in late 1953 manufactured in England by Austin Motor Co. The first Nash Met arrived in March 1954. By May 1954, Nash merged with Hudson creating American Motors Corp. (AMC). Some Mets (4,356) were badged as "Hudson" and sold through Hudson dealers.	By Nov. 1954, new production Metropolitans were sold as 1955 AMC with the B series 1200 engine.	December 1955 to December 1959	January 1959 - March 1961

**Note:** During the time of Metropolitan production, imported cars were titled at the time of sale, unlike American vehicles which were titled by model year.
